

MSC AIR CARGO – APRIL 2023

Our first of four 777-200F is fresh off the line and ready to operate our inaugural round-the-world service. Beginning in early January, we will operate weekly services from Mexico City stopping in Indianapolis and (centrally located) Liege on the way to Xiamen. The proven reliability and market-leading capability of the 777-freighter combined with MSC’s dedication to quality cargo service is a winning proposition.

For more information, please contact us at aircargo@msc.com.
