A SAFE PAIR OF HANDS FOR YOUR CARGO

At a time of economic uncertainty and challenging market conditions, it is more important than ever that you can rely on a trustworthy transportation partner.

Founded in 1970, MSC's container business has a healthy balance of north-south trades with east-west. This makes our revenue less volatile and, therefore, less risky than other businesses.

The MSC Group has diverse interests in terminals, logistics, passenger ferries and luxury cruises.

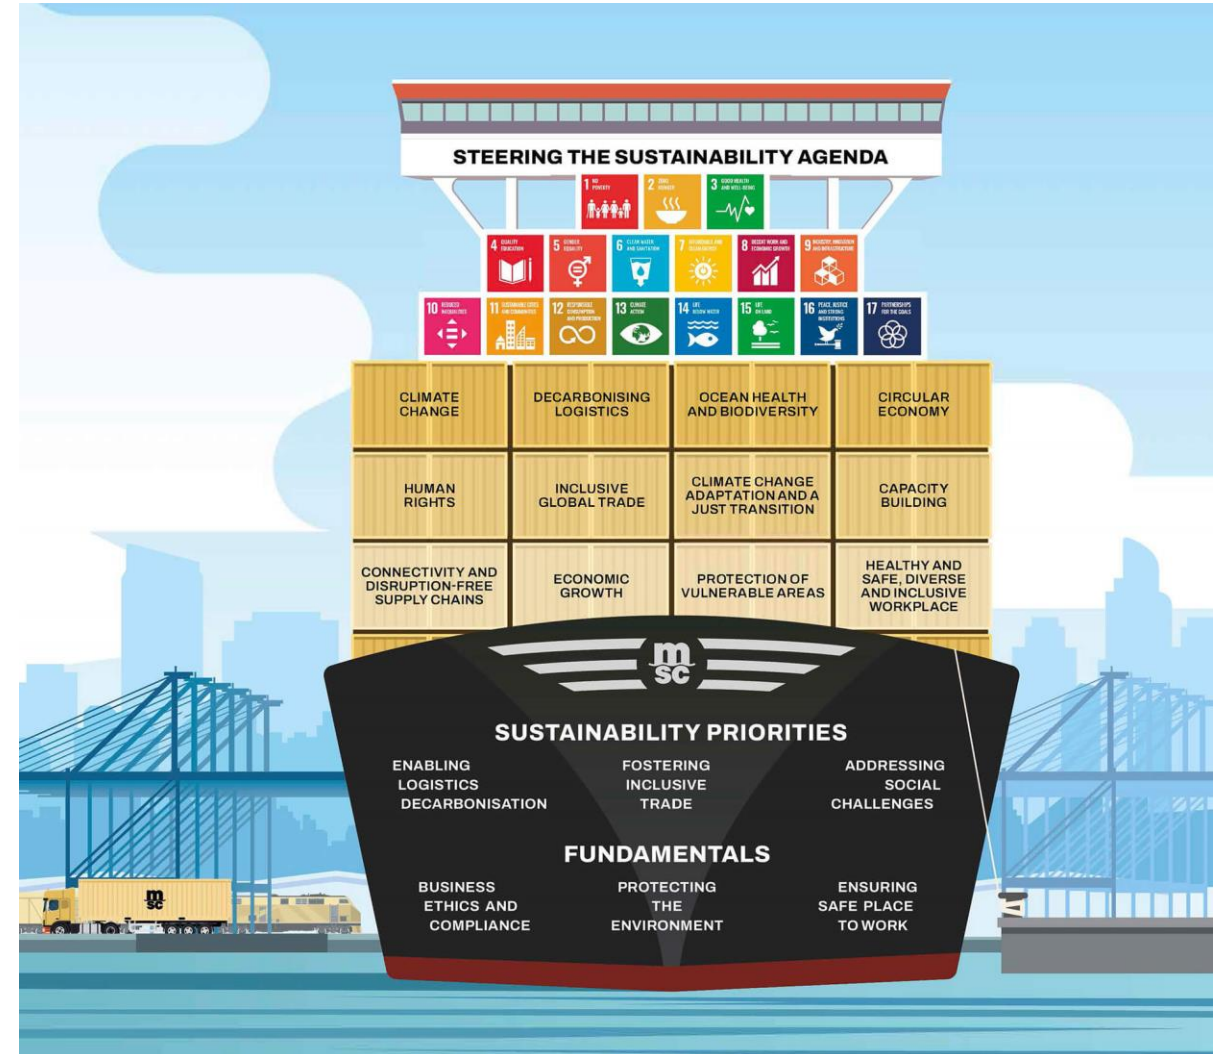

OUR APPROACH TO SUSTAINABILITY

MSC has a unique approach to sustainability, which is firmly embedded across our business and reflected in all that we do. We have been members of the UN Global Compact since 2016.

Aligned with the UN Sustainable Development Goals and the UN Global Compact's Ten Principles, our Sustainability Roadmap and three Sustainability Priorities guide progress along our journey as we deliver on our commitments.
